This approach to doing business has paid off in that the majority of our customer base has been referred to Continental Flooring Company by other satisfied customers.

Our business philosophy is best described by our dedication to customer satisfaction. This philosophy can best be summed up by a statement by the late James G.F. Coleman, Founder of Continental Flooring Company, "...we believe in supporting the industry (floor covering) and providing the opportunity for customers to get the best value they can for their money." To accomplish this, Continental Flooring Company makes every effort to operate as a totally committed customer service oriented organization.

We are proud to make the statement that throughout our Company's history we never been debarred from doing business with any government agency. This is primarily due to our record of conforming to contract and/or product specifications and standards. Our project managers strive to perform within forecasted costs and should we experience cost overruns not attributed to a customer negotiated change order, we do not pass that cost overrun along to the customer.
